

Division 2 A-class 6,8 m2 one design 2025

Appendix to the Division 2 A class rules

3.8.6 The sail dimensions shall be a maximum of:

Luff	AE	4710 mm
Leech	AG	4180 mm
Head to Midfoot	AF	4360 mm
$\frac{3}{4}$ Height width	BK	1135 mm
$\frac{1}{2}$ Height width	CJ	1820 mm
$\frac{1}{4}$ Height width	DH	2230 mm
Foot	EG	2380 mm
position top batten	AP	1200 mm
position top batten	AQ	1520 mm

As shown in diagram

3.8.9 The top (full) batten pocket shall not be placed higher than the $\frac{3}{4}$ height B and K and shall not be placed below points P and Q which are the measurement points for the top batten pocket. The use of a camber is not allowed.

3.8.10 The length of the three batten pockets shall not exceed:

Top	PQ	1300 mm
Middle		730 mm
Lower		680 mm
and their width shall not exceed		40 mm

Smaller similar sails are allowed but with only one full top batten. Batten pocket sizes can never exceed the ones mentioned above.

Additional rules:

3.5 Mast: the total length of the mast for "Type A one design" shall not exceed 5100 mm measured from the deck at the mastfoot

personal sailnumbers:

Shall be in a contrast color from the sail
 Shall be placed between the second and third batten starting 100 mm from the leech.
 Starboardside numbers shall be placed above portside numbers
 Numbers must have minimum height of 230 mm and placed with a minimum space of 50 mm between numbers or reinforcements and batten pockets on all sides.

In case of transparent and/or partly transparent multicolored sails:
 Personal sailnumbers and the first three capitals of your country shall be printed on a white None transparent background and shall be placed exact opposit of eachother.

Placing markings of personal sponsors and/or logo's: they shall not interfere with The sailnumbers. Please allways check with the organising party for the local rules.
